SG1A

██████████ is a healthy man in his thirties who is fair, blue eyed and of english descent. He is associated with military bases. He works for a large bureaucratic organization in a large building work environment with windows. He has been associated with imagery to include satellites (computerized screens), industry, and was possibly around ships or planes in his past. He also has been exposed to energy or electrical systems. This individual writes reports and may deal with types of contracting. He has had a military career. He wants to be on his own now working for another organization and he has a personal relationship. His activities this year include the issue or new work or new employment. He has experienced some difficulty with the people he works with. He will be leaving because he wishes to change organizations. He may be interested in overseas work. In June, May - August, of 1994 he will transition away from military related work. He is waiting for this new job.

SG1A

██████████ prefers to be alone, but is always surrounded by people and has a majestic outlook or is a majestic thinker. He may have trouble with internal revenue and is not a good person for management. He is personable, a listener, and is reliable, with a rustic manner. He may be one to command rank from his peers, but does not receive it because he is essentially in what he feels to be an unimportant or low position.
